April 1, 2011 --

USA Industries, Inc. will be hosting Booth #422 at the ASME Plant Engineering & Maintenance 2011 Trade Show.

The Trade Show will take place at the Pasadena Convention Center, located at 7902 Fairmont Parkway, Pasadena, Texas 77507 on April 14, 2011.

Members of our experienced Sales Staff will be on hand to answer any of your questions on our new EZ™ Purge and EZ™ Vent Blinds along with other Piping Isolation Products such as our Double Block & Bleed plug -- *1 Plug with 2 Functions*.

In addition, we will have samples of many of our Heat Exchanger products on hand, including our specially Engineered Snap It® Jr. and Sr. Tube Plugs for *"consistent and controlled Installation"*. Be sure to ask our Sales Staff how Through the Tube plugging with the Snap It® tube plug eliminates the need to remove the rear head cover.

We will also have samples of our new EZ® Torque Gasket, made with a special machined metal inner core and bonded with a graphite face. These gaskets are made to provide a positive seal and require less than half the installation torque required for typical soft iron gaskets.

We look forward to having you stop by Booth #422 at the ASME Plant Engineering & Maintenance 2011 Trade Show to learn more about the many ways USA Industries can save you time and money for your future turnaround and maintenance needs.
