

## NEWSLETTER

November 28, 2011

USA Industries, Inc. will be hosting Booth #3349 at the Power-Gen 2011 / Nuclear Power 2011 Trade Show.

The Trade Show will take place at the Las Vegas Convention Center located in Las Vegas, Nevada, December 13 - 15, 2011.

Members of our experienced Sales Staff will be on hand to answer any of your questions pertaining to our specially Engineered Snap It® Jr. and Sr. Tube Plugs for *"consistent and controlled installation"*. Be sure to ask our Sales Staff to show you our Video Animation that explains how *"Through the Tube"* plugging with the Snap It® plugs will eliminate the need to remove the rear head cover of an exchanger, thus reducing downtime and overall costs.

We will also have on hand examples of many of our other tube plugs in various sizes and alloys.

Our staff will explain the many other products available from USA Industries --- Heat Exchanger, Condenser and Boiler tools; Orifice Plates and Piping Isolation Products. In addition, many of our products are available for Rental.

Please stop by Booth #3349 at the Power-Gen 2011 / Nuclear Power 2011 Trade Show to learn more about the many ways USA Industries can assist you with your Tube Plugs; and Heat Exchanger, Condenser & Boiler tools.
